

Name: _____ () Class: _____ Date: _____

Your sister's birthday is coming and you want to make her a dessert. You have found a recipe. Read the recipe.

Text 1 Recipe

Mango mochi (serves 20)

Preparation time: 30 min.

Cooking time: 35 min

Ingredients

2 cups glutinous rice flour	250 ml milk
1 mango	20 tbsp sugar
450ml mango juice	1 pinch cornstarch
1 cup coconut flakes (optional)	

Directions

- 1 First, mix the sugar with the glutinous rice flour. Use a sifter to make sure there are no lumps.
- 2 Add the milk and mango juice. Stir well with a spoon till the sugar and flour dissolves completely.
- 3 Pour the mixture into a pan and steam for 20 minutes. Then, set the dough aside to cool. You can put it in the refrigerator if you're short on time.
- 4 Peel the mango. Then slice it into 20 small even cubes.
- 5 Roll out the dough and sprinkle it with cornstarch. Then, cut the dough into 20 pieces.
- 6 Roll a piece of dough into a flat circular shape that roughly fits in the palm of your hand. Place a piece of mango in the centre and pinch it closed, making sure none of the fruit is visible.
- 7 Shape the dough into a ball.
- 8 Repeat steps 6 and 7 until you use up all the mango and dough.
- 9 If desired, brush the mochi balls with water and sprinkle them with the coconut flakes for added flavour!
