## Surprise Square

- 1 Shopaholics, are you ready for your dreams to come true? It's time to grab your credit cards and run to Surprise Square—the trendiest shopping centre in the heart of Hong Kong!
- 2 Shopping and entertainment
- None of our boutiques are alike. Each one offers the latest fashion from local and overseas designers. If you can find it in the pages of Vogue, chances are you'll find it here too. If clothes and shoes aren't your first love, you can mosey through an entire floor of video games and electronics. For the bookworm, there's Potters Bookshop,
- which is as enormous as a library, and you will never have to return your page-turners by a deadline. When you're worn out from shopping, you can hit the ice rink or watch a film at the state-of-theart 4-D cinema.
  - Food and restaurants
- Our patrons love sitting at our themed cafes, taking photos of all the delightful food and drinks, and of course, savouring them too! Go to Takashi Bakery for their famous cheese tarts or enjoy a delicious bowl of Japanese noodles at Shogun Ramen.
  - 4 Facilities and services
- There's nothing worse than getting separated from friends and family at a shopping centre, only to find your smartphone's battery is dead. No need to fret! We have mobile phone charging stations and free Wi-fi on all floors!
- 5 You'll never be able to top the superb shopping experience at Surprise Square. Visit us today!
