| 8 Yes, I do think that Kevin is taking advantage of people. His materials do not cost anything, and yet he charges a lot of money for them. The products he makes should be inexpensive./No, I do not think that Kevin is taking advantage of people. He puts a lot of time and effort into his designs, so even if he gets his materials for free, there is a reason that his products are expensive. (<i>any reasonable answers</i>) | |
