Consolidation

Your friend John has asked you for some advice. You are writing a reply email to him. Complete your email using the correct form of the words in brackets, 'should' or 'shouldn't' and words from the box.

| | | | | |
|----------|----------|-------|------|-------|
| don't be | remember | start | talk | try |
| give | sleep | stop | tell | worry |

Dear John,

It sounds like you are really worried about a lot of things. Everything is not as bad as it seems though. You should be able to solve the problems (1) easily (easy).

First of all, I'm sure you will make friends at your new school soon. (2) Talk to the classmates who sit next to you in class. You (3) should try to be friendly. (4) Start the conversation by asking them how they are doing. You'll have new friends in no time!

You also said that you're worried about your elder sister's behaviour. You said that she often talks to you (5) rudely (rude) and it makes you feel unhappy. You (6) shouldn't worry about it too much. Your sister will have the HKDSE this year so I think she is just feeling stressed out and being emotional. (7) Give her more space when she seems upset. Wait (8) patiently (patient) and talk to her when she is more calm and relaxed.

I know you also think that one of your friends is trying to take drugs. (9) Stop him or her from doing so. You (10) should tell an adult about this immediately. Taking drugs is very harmful to us. If your friend is taking drugs, his or her health will be (11) badly (bad) affected. It's also illegal!

Finally, you said you are tired and couldn't concentrate in class. It is a common problem for students in Hong Kong. (12) Don't be too nervous. You (13) should sleep for eight hours every night. (14) Remember that rest is important, after all. Also, try to meditate (15) calmly (calm) before you go to bed. It will really help!

I hope you'll find my advice helpful.

Love,

(Student's name)
