Wonderful nature

Yesterday, our class took a trip to a nature park. It was a wonderful experience for me!

At the start of the day, our teacher (1) instructed us to get (instruct/us/get) a partner for the trip. Billy (2) asked me to be (ask/me/be) his partner, but I (3) told him to ask (tell/him/ask) someone else because I was already partners with Sophia. It is great (4) (for/of/that) I could be partners with my best friend.

When we arrived at the nature park, we met the park ranger. He (5) reminded us to be (remind/us/be) careful on the trail. He said that it's important (6) (for/of/that) us to take care of the nature around us. So, he (7) requested us to hold (request/us/hold) on to our rubbish until we were back at the nature centre.

When we started walking on the nature trail, there were a lot of slippery rocks. Mr Lee (8) advised us to watch (advise/us/watch) our steps on the trail. We saw some cool animals on the trail. I saw a chameleon. It is clever (9) (for/of/that) them to make their skin look like the things around them. We also saw some frogs near a big blue lake. It is great (10) (for/of/that) the frogs have a place to swim. There were also a lot of fish in the lake. Mr Lee told us that some fish are in danger because of overfishing. It is cruel (11) (for/of/that) humans to overfish.

We walked for some time and we found a place with hundreds of butterflies flying in the sky. It was wonderful (12) (for/of/that) me to see so many butterflies at once. Mr Lee (13) reminded us not to try (remind/us/not try) to catch any of them.

When we got back to the nature centre, Mr Lee (14) asked us to tell (ask/us/tell) our parents about everything we had learnt at the nature park. I learnt that it is necessary (15) (for/of/that) us to protect animals and their habitats.

I'm really grateful that our class went on this trip. It was thoughtful (16) (for/of/that) our school principal to organize it for us.
