Text 1 Fact cards

Hungry hamsters

Hamsters sleep from morning to evening and are awake at night. They usually eat nuts, seeds and fruits. However, there is an online video of one eating a slice of
5 pizza!

Squirrel selfie

Squirrels are similar to hamsters. They look cute but can also be very wild!

A man in the U.S. tried to take a selfie with a squirrel. However, the light on his
10 smartphone scared it. It jumped onto his back and went under his shirt. Luckily, no one was hurt!
