② I went to Seoul Now yesterday to get some make-up. However, my shopping experience was awful. There were too many people in this tiny shop. I could not get any help from the shop assistants and the shop 10 was in a mess! The products there are cheaper than other shops', but I prefer better service.

④ I stopped by Ready to get a pair of trainers. The shop was easy to find because it's enormous! It has more designs than other shops. The shop assistant was very helpful. She asked me questions and 20 helped me find the right trainers. I'm very satisfied with my new trainers. They're as light as a feather!
