**Anya's World**  
Green thoughts by Anya Chang

**Waste not, want not**

① Recently, I've been worried about how much we buy and throw away. We have too much waste! I decided to find some ways to reduce waste myself.

② I made a bag out of an old T-shirt.  
5 First, I turned the T-shirt inside out. Next, I cut off the sleeves. Then, I sewed the bottom together. Finally, I flipped it the right way out. It was like magic!

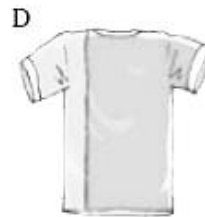

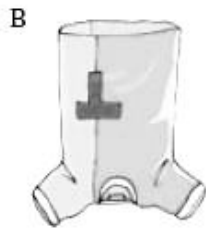

③ I also helped a food charity sort different kinds of food waste. Supermarkets and wet markets often throw away food that hasn't gone off yet. The charity collects and uses it to make meal boxes. They've saved food and given it to thousands of people!
