Who's your *fashion* icon?

Annie, student

Eric, photographer

Karen, student

① I like Kate Middleton, who is Prince William's wife. She has her own style, which is classic and elegant. She always dresses appropriately for events. For example, she always wears a nice dress to charity events.

② I think Song Joong-ki, who is a Korean actor, has good style. His style is neat and cool. He often wears dark clothes, like a black jacket. But during winter, he also likes to wear sweaters in warm colours that look great with darker colours.

③ Charlene Choi always looks fashionable because she likes to try new designs. Her clothes are simple but always trendy. They're so different from what other female stars wear.
