Subject: Hello from Denmark!

Hi _____,

Pleased to meet you! I'm Oscar and I'm 14 years old. I live in Copenhagen. It is the capital of Denmark. Did you know that Copenhagen is famous for its cycling culture? About half of Copenhageners cycle to work or school!

School starts at 8 a.m. and finishes at 3.40 p.m. I always arrive ten minutes early. Then, I lock up my bike in front of the school building. Some people call my school 'the cube' because it's a modern square building with lots of large windows. It's very light and spacious because there aren't any classrooms inside. There are 'learning zones' instead. There's an assembly hall next to the general office. This is where all students can gather for important meetings. Teaching and learning take place in the open areas, so sometimes it's difficult for my schoolmates and me to pay attention during class! We also have 'chill out zones'. Students can study alone or relax on the big cushions during break in these zones. My best mate Frederik sometimes falls asleep on them. They're just too comfortable!

Unit 2

Name: _____ () Class: _____ Date: _____

All lessons are taught with the help of computers and tablets. Instead of spending our time at school listening to lectures, 50% of our time is spent on doing projects.

- 25 Our teachers emphasize that we should be 'producers of content, not just consumers'.

My favourite subjects are Economics and English. Danish is my mother tongue. Just like other Danes, I find English a bit difficult. I still like English though because it gives me new opportunities and friendships. For example, it makes writing emails

- 30 to you possible!

There are a total of 30 clubs at my school. I'm a member of the Debating Society. My sister says this club suits me because I'm too talkative! Which clubs do you belong to?

Write soon!

- 35 Cheers,

Oscar
