① As children, my friends and I loved Harry Potter. So, I was ecstatic when I heard there was a new Harry Potter themed restaurant.

② At 7 p.m., we arrived for our reservation. The brick walls, wooden tables and candles made Platform 1094 feel like the dining hall at Hogwarts. The restaurant offered some robes, witch's hats and wands for us to use as photo props. Our waiter was helpful and patient. He help us take lots of photos!

③ Unfortunately, the dishes on the menu did not match the Harry Potter theme. There weren't any chocolate frogs or stoat sandwiches. I ordered some ribs. It was a savoury dish with some fruit that added sweetness.

The ribs were very tender. They melted in my mouth.

- ④ The best part was ordering Mr Lich's Flaming Brew. You light this drink on fire!
- 20 As you sprinkle cinnamon on top, tiny sparks fly up.
- ⑤ When the bill came, I was surprised at how much money we spent. However, the fun night was worth it.
- ⑥ Did I like Platform 1094? I think it could expand on its Harry Potter theme. Yet, as a dining experience, it was enjoyable.
