recording to online reviews, it has (10)	(good) overall rating. This means
that it is (11)(s	sought-after) Avada Flipbook and Wizardtech Vision.
Wizardtech Vision is (12)	(expensive) brand. It has the largest hard disk
capacity and it has (13)	(big) screen of them all. Its shortest battery life
also makes it less user-friendly than the	other two brands. Users of Wizardtech Vision may find it
difficult to carry around because it is (14	(bulky) laptop.
Apart from individual laptop specification	ons, we should pay attention to the after-sales service to
ensure a good user experience. Wizardte	ch Vision's service is (15) (good)
Avada Flipbook's but (16)	(bad) Banana Silver's.
Overall, it is evident that the Banana Silv	ver has the best value with good quality and reasonable

Making comparisons

Your cousin overseas is coming to visit Hong Kong soon. Write an email to her about public transport in Hong Kong with the correct words from the box. You may use some of the words more than once.

as as	fewer than	less than	more than	the most	the same as

Dear Veronica,
I'm so excited that you are visiting Hong Kong soon. I know that it's your first time here. Hong Kong
is quite (1) Canada in terms of its public transport system, so let me introduce
to you the different forms of public transport in Hong Kong and how to get around the city.
There are many different ways to travel around Hong Kong. The MTR, a rapid transit network, is
the most popular form of public transport in the city because of its speed and convenience. In
terms of capacity, it carries (2) passengers. There are (3) people
travelling on the MTR on other forms of public transport. Compared to other forms of
public transport, it has (4) accidents on record.
If you want to appreciate the unique street view in Hong Kong, you can take a tram ride on Hong
Kong Island. The tram is (5) the MTR in a way since they both run on rails, but
the tram is definitely (6) fast the MTR. Yet, a slow-paced journey is
exactly the essence of a tram ride! It also costs (7) money to travel by tram
by MTR.
You may have heard of the famous Victoria Harbour. Taking the ferry is the best way for you to travel
across the beautiful harbour and admire Hong Kong's modern city views on both sides of the shores.
The ferry and the tram are (8) in that they are both cheap and slow-paced. However, the
ferry is (9) the tram because it is a type of water transport. There is
(10) traffic flow in the sea, so you'll never need to worry about traffic congestion.
The bus is the most common public transport you will see on the roads. They are (11)
bees buzzing around the city. They are almost (12) convenient the MTR
because you can find them on almost every other street. The advantage of buses is that they reach
(13) destinations among all forms of land transport.
Travelling by taxi is always an excellent option if you want a point-to-point transport service.
Although taxis serve (14) passengers other forms of public transport in a
single journey, they provide the best personalized travelling experience. Taxi booking service is
especially suitable for tourists who want to visit multiple tourist attractions in one single day.
I hope the above information is helpful for your upcoming trip to Hong Kong. See you soon!
Love,

Using too much, too many, too little, too few and enough

You have interviewed an environmentalist for writing an article for the school newspaper about environmentalism. You are reviewing the interview transcript. Complete the transcript with 'too much', 'too many', 'too little', 'too few' and 'enough'.

	An interview with an environmentalist
Q:	What are some of the biggest environmental problems in Hong Kong nowadays?
A:	Well, first of all, there is (1) pollution. There are (2) vehicles on the roads and not (3) green spaces. There are simply insufficient trees to absorb the carbon dioxide emitted from the vehicles on the road.
Q:	What is the solution then? People must commute on the roadways.
A :	Actually, we have more than (4) forms of public transport available in our city. Most people do not really need a private car. Sadly, (5) people think about the impact on the environment before they decide to buy a car.
Q:	What other problems are there?
A :	We have produced (6) rubbish in the city. (7) people buy takeaways in polystyrene containers. They are not biodegradable. Facing the increasing pressure of rubbish problems, it seems that we have (8) landfills to handle waste disposal. Since the current ones will be full soon, what should we do with all of our rubbish then? I feel that people give (9) attention to this issue.
Q:	So, there are pollution and waste disposal problems. But what can we do to address these environmental issues?
A:	The main responsibility falls on the government. However, the government does (10) to deal with environmental problems. There are (11) programmes dedicated to public education on environmental protection. I have done a lot of interviews before and realized that (12) citizens are totally unaware of how to protect our environment. I think this is largely due to a lack of education.
Q:	Climate change is a global concern as well. Is there (13) time left to save the earth?
A:	I think there is still (14) time for us to save our planet, but we must act as soon as possible.

You and your elder sister want to take your mum out for a celebration dinner. You have found information about three different restaurants online. Read the information and complete the email to your sister using the correct words or the correct form of the words in brackets. Underline the correct words in brackets.

Bob's Bar and Grill is another place we could go. Their food is (9) (expensive) among of the three, but it is also the most delicious. However, despite its outstanding food quality, reviewers commented that the food portions are barely
acceptable. One reviewer said, 'That was probably (10) (thin) steak
I have ever eaten!' In addition, it offers (11) food variety Tony's Bistro. (12) (Same as/Different from) Tony's Bistro and Chef Larry's, Bob's Bar and Grill does not offer a vegetarian menu. There were also (13) (too few/too little) waiters on duty, so trying to get their attention was (14) (alike/like) trying to catch a taxi during rush hour. Another discouraging thing is that Bob's Bar and Grill provides (15) time for diners. I can't imagine how clumsy it'll be to finish the entire dinner within 75 minutes. The last one is Chef Larry's. Honestly, the service and food at this restaurant are not as attractive as the other two. I'm still bringing it up because it has the cheapest dishes
to offer. Indeed, the types of dishes on its menu are (16) among the three restaurants. Also, concerning the service, one reviewer said that the waiters were (17) (rude) any other he had ever met elsewhere. If price is not our top priority, we had better consider the other two restaurants.
Finally, in terms of opening hours, Tony's Bistro closes (18) (early) among the three, while Bob's Bar and Grill closes (19) (late).
Mum is a vegetarian and I hope that she can enjoy a nice dinner on her birthday. On balance, I think Tony's Bistro is (20) (worthy) the other two for its quality food, great service and sufficient time arrangement. Shall we go there for dinner? What do you think?
